B.Tech Electronics & Telecommunication

ABOUT ME

To associate me with an organization that gives me a chance to update my Knowledge. To discover newer areas and gain experience in working. Upcoming E&TC graduate with implementation experience in Web Development.

EXPERIENCE

Frontend Developer(5 months internship)

UniqueMark Solutions Pvt. Ltd. 5 months

- I worked under the guidance of senior developer to check & fix the bugs and to improve existing code.
- I also conducted debugging to identify and fix errors or issues in the code.
- Learnt HTML,CSS,JS for hosting the websites CORE FTP LE. After that I also worked on WordPress Software.

PROJECT

PORTFOLIO WEBSITE

- Web Design using, HTML5, CSS, etc. The website gives brief information about myself.

CALCULATOR WEB APPLICATION

- Created an interactive calculator web application using HTML, CSS, and JavaScript to perform basic arithmetic operations.
- The project will include a user-friendly interface that allows users to input numbers and operators, then displays the results in real-time.

SMART GLASSES FOR MULTIMETER

- Innovative application: Developed a smart glasses technology integration with multimeters to enhance functionality.
- Hands-free monitoring: Smart glasses enable technicians to view multimeter readings and diagnostics without the need to hold the device.
